LEGION POST 58 ENJOYS ANNUAL TURKEY DINNER

MARSHALL ABRAMS SPEAKS AT ARMISTICE DAY PROGRAM

American Legion members of Council C. Tucker Post No. 58, ate turkey and dressing in their annual Armistice Day dinner meeting in the Gobi Memorial church Wednesday evening. It was the annual observance of Armistice Day and was participated in by more than 200 members of the post and friends. Marshall D. Abrams, now of Indianapolis, and a member of the Post, was the principal speaker.

Norris Hunter, Commander, announced that the dinner was served by members of the Auxiliary, some of whom had worked all day preparing the dinner. Among the guests introduced were Mayor Evan Crawley, S. R. Hardin, Fay Slaven, Commander of VFW Post 1550, Walter Bayard, Commander of Post 408, Norman Peabody, Exalted Ruler of the Elks; Austin Funk, Governor of the Moose; William Woodworth, Terre Haute, District Commander, Rev. Ralph Saunders, Rev. Elmer Harvey and Rev. Francis Kull.

Capt. Campbell, a member of the Post and of the local ROTC unit, arranged the musical program.

Tom Carney, Past Commander of the Post, presented a Past Commander's pin to Ben Cannon and Sanford Romine, World War I veteran awarded honors to the 25 year, the 30 year and the 25 year members present. Fred Stively was introduced and presented Mr. Abrams as the speaker.

Walter Webb received the 35 year pin and Paul Canary, W. S. Donner and John Tzouanakis received the 30 year pins.

Harold Edwards and Audrie Hecor were unable to be present to receive their 35 years pins.

Mr. Abrams' talk was based on Communism and he drew chiefly from the new book of Whitaker Chambers, self confessed Communist spy, who helped imposter Alger Hiss for stealing wartime secrets.

Mr. Abrams believes that one can get more out of the Legion if he puts in more and the only way for anyone to do it to put in as much as possible. He said no group can do more good than the Legion.

The speaker said his talk was a review of the bandit communists in Moscow and he believed Communism means the battle between a Christian nation and a godless country. He said it is a battle between one who believes in God and one who has no God. To prove his point, he quoted Chambers, who explained why he went to Communism, and how he changed his faith. He showed how the Communists, Stalin and Lenin, starting in 1921 planned world revolution so that Communism could spread unhampered.

Mr. Abrams is of the opinion that the recognition of Red Russia in 1933 was the darkest hour in our history. He showed how Russia had broken 25 treaties, how their policies had deceived, and wrecked the world. He said he helped prepare a proclamation that Korea was to be free, that Russia signed it and then furnished rifles and war supplies to break that solemn obligation. He believed the Reds to be the No. 1 enemy of the civilized world.

The talk was thought provoking and interesting, and delivered in his usual fine manner and at the beginning, he joked with members of the Post but in the main speech, he had some serious thinking even in his fun time. It was one of the good Armistice Day dinners the Legion Post has held over the years.

20 Years Ago

HERE AND THERE

A United Press dispatch from Berlin said the German people had gone to the polls and voted Chancellor Adolf Hitler and his Nazi regime full control of Germany. Nearly 44,600,000 Germans cast ballots approving Hitler's withdrawal from the League of Nations and disarmament conference. Six hundred Nazi candidates were elected to the one-party Reichstag.

COME EASY-GO EASY

The Putnam county school teachers who pays dues to the state association, had some of their hard earned money spent foolishly in three Indianapolis papers yesterday when their secretary, Robert Wyatt purchased full page space to explain and deny he did not report all he spent in lobbying before the last session of the Indiana legislature. The three advertisements probably cost in the neighborhood of more than \$1200. If Mr. Wyatt had spent his own money, it would be fine, but the association paid the bill.

'WORK AT BEING A LEGIONNAIRE' SPEAKER URGES

FIELD DAILY ADDRESSES CLOVERDALE POST ON WEDNESDAY

Members of Hurst-Collins Post were urged to work at being Legionnaires in an Armistice Day talk delivered at Cloverdale Wednesday evening by Field Daily, representing the Veterans' Office in Indianapolis.

Mr. Daily, a Past Commander of the Franklin Legion Post and a member of the famous Rainbow Division in World War I, was introduced by Verlie Rice, Commander of the Hurst-Collins Post.

The Cloverdale Armistice Day observance opened at 7 p. m. with prayer by Ralph Fry, Chaplain of the Post. The assembled group of Legionnaires and Ladies of the Auxiliary then enjoyed a baked ham dinner with all the trimmings.

Mr. Daily said that Harvey Stout had originally been scheduled to speak but had been unable to keep the date and that he was glad to be called on as a substitute. He noted in passing, however, that "there are not many punch hitters as good as Johnny Alize."

Mr. Daily spoke briefly but urged his audience to always remember that the Legion had always fought "teeth and toe nail" for every bit of legislation down through the years that had benefited veterans and their dependents.

He asked the Legionnaires to ever bear in mind eight words in their ritualistic work which are "For God and country we associate ourselves together."

The speaker said he was certain that no Ladies Auxiliary member would object to her husband spending two or three hours a week of his spare time in working for the betterment of his respective Legion Post in particular and for the good of the organization in general.

Mr. Daily cited Ivan Craggs and Fred Lasley of the Hurst-Collins Post, for their outstanding Legion activities through the years.

Mrs. Verlie Rice, president of the Hurst-Collins Auxiliary, was then presented. She made a few announcements and also thanked the ladies for their help in preparing the meal.

The meeting was then adjourned by Commander Rice.

Senate Officer Takes Own Life

RENSSELAER, Ind., Nov. 12.—(UP)—Emmett Erwin, secretary of the 1938 Indiana Senate and a leading figure in Jasper county Republican circles, died Wednesday of a bullet wound in the heart.

Coroner Leon Kresler ruled suicide. Erwin, who served as Jasper county council chairman, was found in his apartment home by his wife, Frances, when she returned from teaching at a local elementary school.

Authorities said he had been in increasingly poor health for some time and was reportedly despondent over his condition. Mrs. Erwin found her husband's pajama-clad body about 5 p. m. He has been shot with a .38-caliber revolver which Kresler said belonged to the family. His wife had not seen him since morning, Kresler said.

Mrs. Mary Wade, who lived in an apartment below Erwin, said she heard a fall upstairs about 3:10 p. m. Authorities fixed that as the time of his death.

A native of Demott, Erwin was active for many years in county politics. He served several terms on the county council. Before being named senate secretary under the present administration he was employed as a bookkeeper for a local stone quarry firm.

Soup Plant Is Razed By Fire

TERRE HAUTE, Ind., Nov. 12.—(UP)—A three-alarm fire whipped through a block-long Campbell's Soup plant here Wednesday night, virtually destroying two-thirds of the building before firemen brought it under control.

Damage was expected to reach several hundred thousand dollars. The plant manufactures and storage sections collapsed, and equipment in a motor pool, where the flames originated, was ruined.

Firemen who fought the flames three hours were able to save only the firm's offices.

A brisk wind fanned the flames through the one-story building so fast its sprinkler system was unable to function, officials said. It was believed a small explosion in the motor pool might have caused the fire. A watchman at a building near southside plant said he saw a sudden flash before the flames broke out.

UNITED NATIONS SCANS PLAN TO END DEADLOCK

NEW WESTERN PROPOSAL IS CONCERNED WITH DISARMAMENT

UNITED NATIONS, N. Y., Nov. 12.—(UP)—The United Nations studied a compromise disarmament plan today in a new attempt to end an eight year East-West deadlock.

The new Western proposal suggests that the Disarmament Commission established a subcommittee of representatives from the principal powers involved to consider a mutually agreeable disarmament plan.

The effort for agreement on elimination of weapons of mass destruction moved forward early today. An afternoon meeting of the Security Council will deal with border incidents in the Holy Land.

Israel is scheduled to present its side of the case primarily involving the Israeli raid on the Jordanian village of Kibya, in which 53 persons were killed.

The United States, Britain and France, which brought the Israeli matter before the Security Council, were reported prepared to offer a resolution after the Israeli case is presented by Ambassador Abba Eban.

The Western proposal on disarmament called for "elimination altogether" of weapons of mass destruction, including atomic and hydrogen weapons and bacterial and chemical warfare.

The new proposal for disarmament was designed to meet Indian suggestions for an arms reduction and Latin-American objections to the earlier plan for creating a fund for international development from savings effected by disarmament.

BENSON MAKES FARM PROBLEM SUGGESTIONS

NEW MARKETS AND VOLUNTARY CONTROLS NEEDED SAYS SECRETARY

COLUMBUS, Ohio, Nov. 12.—(UP)—Secretary of Agriculture Ezra Taft Benson today blamed overproduction for the drop in farm prices and suggested voluntary controls and the finding of new markets to neck the decline.

Benson said the country was now getting a "very clear picture" that past farm policies would not work without unusual demands for more production such as were brought on by war and foreign aid programs.

Past programs worked "quite well" but had run into trouble as the demand for American farm products declined, the agriculture secretary said. He said the sharp drop in exports were a "major factor" in this year's price declines.

Benson said there was "room for belief" that the Truman administration "misled" farmers as to the demand required. He also said the Truman administration failed to impose controls required by existing legislation.

"The only reasonable thing to do is to adjust to the situation that actually confronts us," Benson said in a speech prepared for delivery before the closing session of the convention of Association of Land Grant Colleges and Universities.

Benson shared the speaker's rostrum with Foreign Operations Director Harold E. Stassen.

"The plain truth is that our farm production this year is larger than our markets—domestic and export—will take at prices that are fair to the producer," Benson said.

The "immediate task" Benson said, is to expand markets at home and abroad and to bring production in line with prospective demands. At the same time, he said, there would be "direct and indirect price supports, wherever practical" to cushion price declines.

But for the long range program, Benson said "marketing rather than production control" was the "best answer."

If "Carlo and Steve"
wrote their Memoirs

It's a cinch nobody would buy the book.
"Carlo & Steve's" memoirs wouldn't be hot
stuff like hobnobbing with the International Set
at Monte Carlo, or filled with madcap, dangerous
adventures. (The only dangerous thing "Carlo
& Steve" do is disagree with their wives some-
times.)

"Carlo & Steve's" lives are pretty tame like
driving a bargain with some wholesaler, nagging
the clerks to give still better service, or making
a good buy on canned peaches.

But "Carlo & Steve" are happy anyway. Be-
sides how can you be a Playboy and find time to
dig up bargains like these?

Here are two points to remember when you buy a car! . . .

CHEVROLET PRICES are the LOWEST
CHEVROLET VALUE is the HIGHEST
of any line in its field!

See it, drive it, and you'll know that it alone brings you all these features of highest-
priced cars at the lowest prices and with such outstanding gasoline economy!

You know, of course, that again in 1953 more peo-
ple are buying Chevrolets than any other car.

And you also know that more people own Che-
vrolets today than any other make—it's ahead in total
registrations by almost 2 million!

But would you like to know why this is true? Would
you like to know what it means to you in terms of
getting maximum motor car value? Then, come ex-
amine Chevrolet, and see for yourself.

You'll find, as so many others have found, that
Chevrolet gives more fine features at lowest cost:
More beauty, inside and out, with the widest choice
of body-types and colors in its field.

More driving thrills, with either of Chevrolet's two
great high-compression Valve-in-Head engines!

More comfort, more road-stability and more safety
with this stronger, heavier, longer lasting car!

More value throughout, when you buy, while you
drive, when you trade!

Come in, confirm these facts to your own satisfac-
tion, and you, too, will choose Chevrolet!

*Optional at extra cost. Combination of Powerglide automatic
transmission and 115-h.p. "Blue-Flame" engine available on
"Two-Ten" and Bel Air models. Power Steering and E-Z-Eye
Plate Glass available on all models.

Chevrolet's thrilling "Two-Ten" 4-door sedan
With 3 great new series, Chevrolet offers
the widest choice of models in its field

Fashion-First Bodies by Fisher. Extra-
Easy Power Steering.* 115-h.p. high-com-
pression engine in Powerglide models—
108-h.p. high-compression engine in gear-
shift models. Advanced Powerglide auto-
matic transmission.* Largest brakes in its
field. E-Z-Eye Plate Glass.* Safety Plate
Glass in windshield and all windows of
sedans and coupes.

LETTER OF PROTEST MARTINSVILLE, Nov. 12—A letter protesting the timing of a circular letter issued by Dr. John A. Mackay, Moderator of the last General Assembly of the Presbyterian church, has been adopted by the First Presbyterian church of Martinsville. The Mackay letter was criticized by some sources as displaying a spirit of compromise with Communist rulers.

The Martinsville Presbyterians in a letter the group voted to send to Dr. Mackay, opined that the timing of the circular was ill-advised and tends to place the church in a false light. It asked the Moderator "to desist from issuing any further statements in the name of the church."

SOFT DRINKS BOOMING
ELLETTSVILLE, Ind. Nov. 12 (INS)—Despite cold weather, sales of soft drinks are booming in Ellettsville.

The boom is traced to the water shortage which has hit this Monroe county town hard. The town waterworks are shut down at

dark, and there is no water again until morning.

HOSPITAL NOTES

Dismissed Tuesday: Pearl Alexander, Bainbridge; Frank Gray, Lafayette; Louise Cox, Rockville; Mrs. Cecil Smith and son, Greencastle R. 2; Barbara Chadd, Fill-

more; Marie Powell, Cloverdale; Ben King, Mrs. Paul Wilson and son; Evgene Moore, Mrs. Kenneth Dunkin and son, all of Greencastle.

TRUMAN UNDECIDED

NEW YORK, Nov. 12—(UP)—Former President Harry S.

Truman said today he has not made up his mind whether he will obey a subpoena calling him before the House Un-American Activities Committee.

"I have not made my decision. It is still under consideration. I am working on a statement but I

can't say when it will be issued," the former chief executive told newsmen during his pre-breakfast walk.

Mr. Truman said that when he did make his decision it would not be influenced by the refusal of Gov. James Byrnes of South Carolina to appear before the

Un-American Activities Committee.

"I don't think his action will have any influence on what I decide," Mr. Truman said.

Otherwise, Mr. Truman had only a blunt "no comment" to the questions fired at him about the case of Harry Dexter White.

It takes a crew of 20 painters six years to paint the Ambassador Bridge between Detroit and Windsor, Ont. When they finish, it's time to start all over again at the other end.

U. S. Army units are stationed in 50 countries all over the face of the globe, from Iceland and Greenland and Alaska to Hawaii, Okinawa, Formosa, Turkey and Greece.
